Costa Rica: Opportunities in AgriTech

24 September 2020

The Department for International Trade (DIT), the British-Costa Rican Chamber of Commerce and the Costa Rica Chamber of Agriculture are delighted to invite you to join our virtual workshop on opportunities in AgriTech in Costa Rica.

This event offers an exclusive opportunity to learn about Costa Rica's current initiatives to increase the productivity of the agriculture and fisheries sectors and the specific opportunities that arise for UK companies. Learn first-hand from sector experts how to enter this dynamic market.
