

## UK - V4 Agritech & Foodtech Business matchmaking Forum

The British Embassy Warsaw have the great pleasure to invite you to the first **UK - V4 Agritech & Foodtech Business matchmaking Forum on 18th March.**

You will have an excellent opportunity to meet potential business partners, growth your agritech & foodtech network and learn more about key trends in these emerging sectors.

With the strong agricultural and tech links enjoyed between Central Europe and the UK comes the additional potential for partnerships and interaction between agritech businesses. **A digital matchmaking event on March 18 will provide an opportunity for just that.**

This business matchmaking webinar and networking event will give businesses the lowdown on the sector in the UK and V4 region allowing them to virtually meet businesses looking for international partners. **Don't miss this opportunity and register now!**
