

Doing Business in Central and Eastern Europe

Tuesday, 25th November 2014

Dear All,

WT@1 is pleased to invite you to a **Doing Business in Central and Eastern Europe (CEE)** seminar on 25th November. Including the Czech Republic, Hungary, Poland, Romania, Slovakia and Slovenia, the CEE region encompasses a fast growing market of 150 million consumers.

The CEE region has a combined GDP in excess of £1 trillion and annual average growth rates that have far exceeded most other European countries in recent years. We have invited representatives from Chambers of Commerce in the region to come and speak to you about the unique opportunities for exporting to this vibrant and growing area.

As part of the [Overseas Business Networks Initiative](#), there is increased support for UK business in the CEE region and the Hull & Humber Chamber is working closely with partners to bring details of export opportunities in these markets to businesses in Yorkshire and the Humber.

There are numerous opportunities for UK exports to the CEE region, particularly in:
